Importance: High

Our consolidated comments are due by 5:30 today so please send your comments by 5pm at the latest. Dave Ross will be EPA's witness, and he will be testifying alongside Maureen Sullivan from DOD. Of Note: The great majority of the text used in the "Background" and "EPA's Work on PFAS" sections is verbatim from prior testimony given by Peter Grevatt at two PFAS hearings last September. The "EPA's New Action Plan" section is drawn from communications materials for the Action Plan rollout or from subsequent letters to Congress about the plan. (The more the testimony continues to mirror these existing documents, the easier it will be for us to get OMB's clearance.)

Subject: By 5:30 pm today: Review draft EPA testimony for House Oversight PFAS hearing (3/6)

Importance: High

Hi everyone,

For your AAship's review, please see attached for draft EPA testimony for a March 6 hearing of the House Oversight & Reform Committee's Subcommittee on Environment. Dave Ross will be EPA's witness, and he will be testifying alongside Maureen Sullivan from DOD.

Please review and send along any AAship-level comments to me by 5:30 pm today. (We need to quickly turn this testimony around to OMB for interagency review.)

Of Note: The great majority of the text used in the "Background" and "EPA's Work on PFAS" sections is verbatim from prior testimony given by Peter Grevatt at two PFAS hearings last September. The "EPA's New Action Plan" section is drawn from communications materials for the Action Plan rollout or from subsequent letters to Congress about the plan. (The more the testimony continues to mirror these existing documents, the easier it will be for us to get OMB's clearance.)

Let me know if you have any questions, and thanks for your understanding of the quick turnaround.

Best,
Matt
